

IN THE BARN

ON THE ROAD

RUMBLE SEAT

## 4<sup>th</sup> ANNUAL HOT ROD BBQ NEW THIS YEAR! CLASSIC CAR AUCTION

The car is a 36 fiberglass body on 35 frame, Mustang 302 engine, trans and rear end. Power steering, straight axle, front end with transverse leaf springs.

I put a set of American Racing wheels and Michelin tires on it and cleaned it up. We pulled it from a barn in San Rafael (true story) where it had been sitting covered for 12 years.

I am auctioning it to the highest bidder at 11am Sat the 16th. Preview 8-11. Here are some pictures of it when we picked it up and after clean up
