MISSION

Bringing volunteers and communities together to improve the homes and lives of low-income homeowners with a focus on veterans, seniors and/or disabled homeowners. As a local nonprofit organization, we assist low-income homeowners with home rehabilitation projects, installation of smoke/CO alarms at mobile home parks and a food pantry. In addition, Rebuilding Together Solano County (RTSC) also partners with local companies to rehab community facilities. During a RTSC project, local businesses, community members and concerned residents come together from all walks of life to rehabilitate the homes and lives of those in need in Solano County. This is accomplished with volunteer skilled and unskilled labor, donated materials/services and financial support from within Solano County.
